What was the highlight of the session for you?

63 responses

The demonstrations

Everything

For learners too learn about what's going on around them in the world.....for example colours,shapes, patterns,numbers, letters sequence 😊

BCis accurate and precisely

It's all the things we do daily in our class,but now we know we must explain accurate and precisely and give the learners a chance to think critically

Description things in full sentence

The entire Basic ConceptsProgramme activities that was presented. New methods to improve the lack and shortcomings of our current teaching styles

We must implement the basic concepts

that was brightening my future education status

Basic concepts programme

Learner involvement and integration of lessons

I learned a lot and enjoyed it.

Everything. The new information

Very interesting and helpful

Gaining new knowledge

Activitoes and the new experience that i have gained

It is in the caps doc but did not take much note of it

Very interesting

To ask more questions

Basic consep implementation

The session was really good and helpful

How to prepare and make learners ready for school.

To focus on how to talk with learners and be specific when asking questions for learners to respond in full sentence.

The elaboration about the picture about the picture of the cat . I analysed the basic concepts within a picture.

The session highlights more information both 6 steps of basic concepts.

How to implement basic concepts in our schools and in our society

To know how to learn the learners

How to implement basic concept in class

The practicals done by the facilitators.

How to do concept training and to intergrade it with caps

Very helpful about the colour

Good

To learn the content of the BCP

Working on building basic concept learning

Very interesting

How to give clear instruction to the learner

Identifying colours

Bcp it help to prepare the children to know the size of the shapes the colour's and position

Exceptional

Little bit confusing

It was very good I'm learning how to teach the children with different methods of shapes

I have learned alot

The drawing activity

Activity 3: Guessing the animal was very interesting for me

Geuss the animal

Different ways of teaching colours

The steps and demonstration

I was not there yesterday but the fact that the trainer spent time explaining the first session to me, was the highlight for me

It was good because did not now that when you do an activity of circle and don't mix shapes for example circle with the square

The BC MODEL- What is means and how we should interpret it

The interaction with everyone... I loved this session.... made me think out of the box

How to use the knowledge in my class

That learners should be encourage to answer in full sentences.

The 6 step

The discuss on the cat

Guess wat animal it is

THE EXCELLENT PRESENTATION

The doctors enthusiasm about making a change in the children's abilities

Describe the kitchen was the highlight for me

To learn how to use BC programme and and learner are going to improve their language

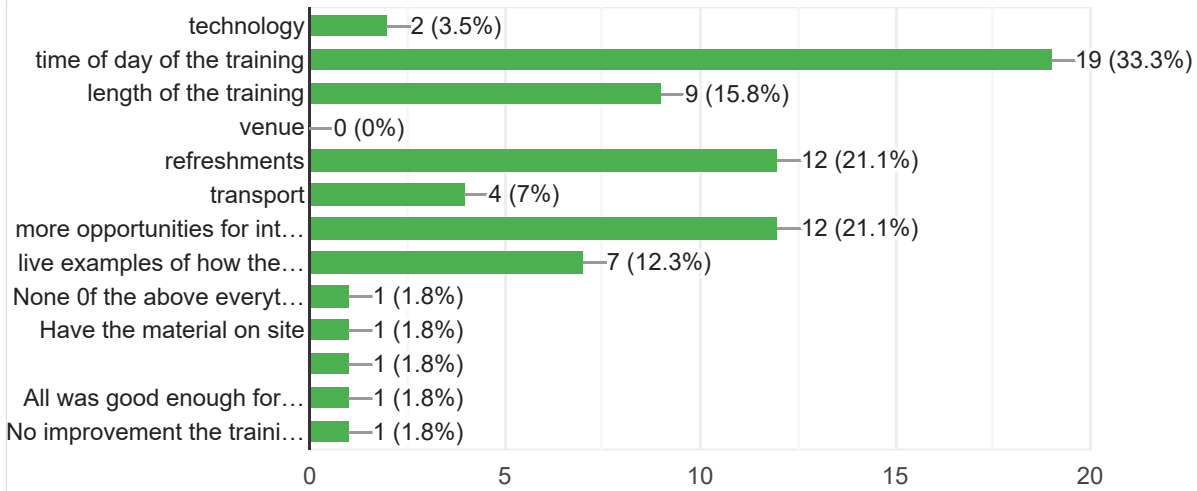

Teaching can be fun again.

What improvements could be made for future training sessions?

I really appreciate the trainer for giving us the training I have learned a lot.....and everyone was so into learning more.....thanks a lot....much appreciated

100% good

Everyone that represents the training to us did a good job they provide us with all the necessary resources and information and explain in plain understandable language.WOW it was very fruitful and helpful thanks much appreciated 🙌🙌

I have enjoyed it and learn some tactics how to teach colour

I find the session on Basic Concepts fruitful and cannot wait to see the learners reaction when I am going to introduce it to them. We thank the team and individuals that are willing to help all those that really need it and make it worthy for them. Thank you

The training will strengthen our learners learning and the trainer's was very energetic

Thank you so much keep up the good work

Keep up the good work

Very well planned program. In line with gr R

I thought everything was fun and I learned a lot. It made me more aware of things around me and I can even use it in my everyday life.

The trainer was very well prepared and patient. made the course interesting.

The trainer was confident and good in teaching the Basic Concepts.

Thank you for training us. I gain a lot of knowledge. Thank you for keeping it interesting

It was a very good programme, now we can go back and implement

It was interesting, and helpful ,equipped us as teachers and benefits us as well...thank you so much

My training the where very good everything went well

The training was very interesting

The session was Fruitfull... Very good.. I really enjoy it..

I will implement the program as from monday

Thank you very much mnr Paul and Mrs Mali we really appreciate your effort that you put in and help

The program was excellent

Thank you so much for this training session I've learned alot.

Basic concepts training helped me alot

The training were fruitfull and I have learned alot .the trainers had done it excellent within the presentation and the training tought me alot...I am grateful for the opportunity..

I have learned alot and now I can use that knowledge to better m teaching more and to develop excellence learners thank you Doc 🙏

All I can say is that,I learned more about basic concepts how to teach learners the lesson must be fun, as well as a teacher must always emphasize full sentences when the learner responds to the questions.

I'm grateful for the skills you've instilled in me and the valuable lessons you've taught. Doctor and Mrs Kemalie thank you for being exceptional mentors.

The training was very helpful and i learn alot

I have learn alot and i am very thankful.

Keep up the good work.

Thank you for the excellent training.

It was very interesting and informative.

I'm happy to be part of the program today

It was very interested and formative

Thank you for including me in this programme it really is exciting and developing

The training was very condusive and I felt very fortunate being part of the class.

The training was enjoyable and I have learn alor

I have gain a lot, what remains is for me to implement

I am very grateful to be the part of the programme, It seems like I am going to learn alot. I really appreciate everything I have learned in the training
Thank you.

The help us to teach our children we it come to colour's

This training was

Bankhara, using maTheo's phone

I'm really enjoying the training of basic concepts

I learned alot

Thank you very much for a good session

Well done you've done an excellent job

It was fun and informative

I would like to get more interaction from the Dr

Training was professional and fun

All was good for me

I have enjoyed the training and have learn lot

I really enjoyed the interactive part of the training and think future trainings should be conducted in the same manner

You made this worth every second, I really enjoyed it

I have learned alot

The information of basic concept were very clear and interesting.

The trainer was very good and active, explained well

The training was interesting and I personal understand the basic concept on another level.

It was very interesting

As always:excellent

Thank you for the training

Session was good and interesting

Well done Doctor

I an excited to start, thank you.
